

Abdoulaye IDRISSA KALIDOU

Analytical chemist with strong expertise in electrochemical sensors, peer reviewer and project management

Expertise

Chemical and water analysis solution	Laboratory Quality Management	Peer Reviewer	Technic assistant of project
Instrumentals analysis	Electrochemistry Systems		spectrophotometric methods

Education

EGE universitesi, Izmir

PhD student in Analytical Chemistry, 2025 — 2029

Abdou Moumouni University of Niamey

Master in Inorganic Chemistry, specialty of Electrochemistry, 2021 — 2022

Abdou Moumouni University of Niamey

Bachelor in fundamental chemistry, 2018 — 2019

Publications

[3] Evaluation of Electrochemical Techniques for Heavy Metal Detection in Aqueous Media

A. I. Kalidou, M. Çevik, & O. Saley, 9th International Students Science Congress . (2025, September) <https://doi.org/10.52460/issc.2025.052>

[2] Review on Electrochemical Techniques for Heavy Metal Detection in Aqueous Media

A. I. Kalidou, , and S. H. Omar , *Advances in Scientific Research* , Duvar Publications, 2025, pp. 37-57.

[1] Electrochemical determination of Hg(II) on a poly(Eriochrome blue black R) modified carbon paste electrode

A. A. Mahamane, A. I. Kalidou, H. Adamou, B. M. Sahirou, A. Walcarius, and R. Adamou, *International Research Journal of Pure and Applied Chemistry*, 2023, 24(1):49-64. <https://doi.org/10.9734/irjpac/2023/v24i1801>

Poster Presentation

7th International Congress on Biosensors (BIOSENSORS 2026)

2-4th September 2026, Ordu Türkiye

- Title: Nanomaterial-Modified Pencil Graphite Electrodes for Enhanced Electrochemical Detection of DNA

Professional experience

Internship as technical assistant project, REEL Mahita/ ENABEL (Niamey/Niger)

May 2024 — Aug 2024

- Participated in planning, execution, and monitoring of project activities

Technical assistant project, National Association of Interprofessional Federation of Milk (ANFILAIT) (Niamey/Niger)

Aug 2022 — Mar 2024

- Monitoring and evaluation of the association activities; Create databases of the members of Interprofessional Milk; Archives the memberships card and other documents of the Interprofessional Milk in an organized way; Drafting document of the terms of reference for the activity of Interprofessional Milk; strategic and action plan.

Internship in physical chemistry of food and water analysis, National Laboratory of Public Health and Expertise (LANSPEX) (Niamey/Niger)

Mar 2020 — Sep 2020

- Handle and store chemical and samples; Carry out laboratory test in accordance with standard procedures; Using various methods for water and food analysis such as, Electrochemical methods, colorimetric methods; spectrophotometric methods (spectrometry DR-3900 and UV).

Internship in physical chemistry of drugs analysis, National Laboratory of Public Health and Expertise (LANSPEX) (Niamey/Niger)

Feb 2019 — Jun 2019

- Preparation of solutions, classification of various types of equipment's; Carry out laboratory test in accordance with standard procedures; Various drugs are analysed by using: spectrophotometric UV-visible method.

Language skills

French

Speaking: Excellent Reading: Excellent Writing: Excellent

English

Speaking: Good Reading: Good Writing: Good

Turkish

Speaking: Good Reading: Good Writing: Good

Zarma

Speaking: Very Good Reading: Good Writing: Good

Other activities

- **COMSTECH Certificate Course on NMR Spectroscopy**
26th —28th Mar 2026
By OIC-COMSTECH
- **Leadership in Chemistry through Innovation and Entrepreneurship**
Feb 2026 — Mar 2026
By Royal Society of Chemistry
- **Training on strategy for personal growth and development**
May 2023 — May 2023
at Young African Leader initiative, online.
- **Training in ODK, KOBOTOOLBOX, QGIS and SPSS**
Nov 2023 — Dec 2023
by ProDigiTech
- **Participation of online weekly session in the leadership journey**
Sep 2023 — Nov 2023
by Unity Effect
- **Participation of masterclass in the Sustainable Development Goals**
Oct 2023 — Oct 2023
by No Hunger Network Nigeria
- **Participation in the 23rd Annual Scientific journey of the West African chemical society, Guinea Conakry**
Aug 2023 — Aug 2023
(SOACHIM in French)
- **Participation of youth leadership program**
Jul 2023 — Oct 2023
at African Development University (ADU)
- **Participation of Fuel Cell Automotive trainer**
May 2023 — May 2023
at RETO DOSSO research project implemented by Abdou Moumouni University
- **Attend in advanced measurement science lectureship award winners of the ACS publication symposium innovation in measurement science**
Oct 2022 — Oct 2022
- **Participation in the 21st Annual Scientific journey of the West African chemical society, Niger**
Aug 2021 — Aug 2021
(SOACHIM in French)
- **Initiation of computer science, Niamey**
Feb 2019 — Apr 2019
by Virtual University of Africa (VUA)
- **Peer Review course, Elsevier**
Jan 2026 — Jan 2026
Certified peer reviewer course

Volunteering

- **Peer Reviewer, Microchemical Journal**

Dec 2025 — Present

Serve as a scientific reviewer for the *Microchemical Journal*. Responsible for critically evaluating manuscripts submitted for publication.

- **Staff of organizing committee , 9th International Students Science Congress, Manisa**

May 2025 — May 2025

- **Community Manager, D2AFRICA**

Jun 2025 — Sep 2026

Managed community engagement strategies to empower African researchers and promote the Elite Researcher Accelerator (ERA) program.

- **Organization and Information Officer, English language Club of Niger (ELCN)**

Jan 2024 — Dec 2024

Affiliations

Membership, International Society of Electrochemistry

Jan 2026 — Present

Academic Researcher , Ege university

Sep 2025 — Present

Awards and Honors

Turkish Burslary

Sep 2024 — 2029
